

A Benefits Portal Created Just For You!

Connect2MyBenefits is a customized benefits portal that provides quick access to benefit plan summaries, web links, provider directories, forms, templates, and a variety of other materials from a single location, eliminating the need to navigate through multiple websites to find the resources you and your employees need.

This technology helps promote employee self-service and offers additional resources and services to assist you with managing employee benefits and plan administration, including:

Decision Support Tools

- **Compliance Resources** give you instant access to state and federal laws, posters, forms, templates, and employment guidelines.
- **HR Coach** provides you guidance on questions related to laws, policies, and other employee-related issues.
- **Plan Comparisons** help you to assist employees in the benefits selection process by displaying costs side-by-side.
- **Financial Calculators** assist employees with planning related to retirement and other financial circumstances.

We create a customized, online benefits portal that allows you and your employees access to important benefit information and resources 24 / 7.

Connect2MyBenefits
