

See clearly with VSP's Laser VisionCareSM Program.

If you're nearsighted, farsighted, or have astigmatism, are at least 18 years old and in good health with no eye diseases, you could be a candidate for laser vision correction.

Find out if laser surgery is right for you.

1. Visit vsp.com.

- Get details about the program.
- Learn what to expect during surgery.
- Locate a VSP Laser VisionCare doctor.

2. Confirm your eligibility.

Before scheduling an appointment, sign on to vsp.com or call VSP at **800.877.7195**.

3. Call your VSP Laser VisionCare doctor.

Verify that they participate in the program.

4. Schedule a complimentary screening.

If you decide to have laser vision correction, your VSP Laser VisionCare doctor will make arrangements with an approved laser surgeon and center and provide your preoperative care.¹ Post-procedure care is coordinated between your VSP Laser VisionCare doctor and your VSP laser surgeon.

VSP Discounted Pricing

You'll save an average 15% off the regular price at contracted laser centers, or an additional 5% off the center's promotional price² — which could add up to hundreds of dollars in savings.

VSP's Laser VisionCare Program is Unique

You'll have peace of mind knowing VSP's doctors and laser centers meet stringent quality standards. Plus, the assurance that your trusted VSP Laser VisionCare doctor will manage your laser vision correction care.

¹ The laser vision correction screening and consultation with your VSP Laser VisionCare doctor are complimentary. If you have a preoperative exam and don't proceed with the surgery, your VSP doctor may charge an exam fee up to \$100.

² VSP discounts may not apply to some laser center promotional programs.
